CSO Alert, City of Cambridge

A Combined Sewer Overflow (CSO) occurred in the Little River/Alewife Brook and consisted of untreated sewage and waste.

Location: CAM401A: discharges upstream of the confluence of the Little River and Alewife Brook and upstream of the Route 2 Bridge.

Date: May 6, 2025
Start time: 6:13PM
End time: 6:33PM
Duration: 20 minutes
Estimated volume*: 0.75 MG
**3-year average calculated using data from 2022, 2023 and 2024*

Potentially affected areas: Arlington, Cambridge, Somerville, and Medford

Required public health warning: Avoid contact with these water bodies for 48 hours after the discharge or overflow ceases due to increased health risks from bacteria and other pollutants. See website for more information: www.cambridgema.gov/CSOreport
