Administration of the Mid Cambridge NCD

The administration of the Mid Cambridge Neighborhood Conservation District Commission is guided by the Article III, Section 2.78 of the Code of the City of Cambridge and by the order establishing the district. Before a building permit can be issued for the proposed work, the Commission must issue one of three types of certificates. A **Certificate of Appropriateness** is issued when the Commission determines that a project is not incongruous with the conservation of the district. A **Certificate of Hardship** is issued when refusal to issue a Certificate of Appropriateness would cause a substantial hardship, financial or otherwise, to the applicant, and when the project can be approved without substantial detriment to the public welfare or substantial derogation of the purpose of the order. A **Certificate of Non-Applicability** is issued for projects that are not subject to review. The last certificate is issued by the staff of the Commission without the Commission's full review.

In making its determinations, the Commission considers the impact of the proposal on the District as a whole and the potential adverse effects of the proposal on the surroundings. The objectives of the District are to 1) avoid excessive infill, 2) encourage new construction that complements existing buildings, 3) encourage the preservation of neighborhood buildings, 4) protect National Register properties, and 5) enhance the economic vitality of the neighborhood.
