PB #179
Cambridge, Massachusetts
B+T Project No. 2084.56

Dear Chairman Cohen and Members of the Board:

On behalf of the Applicant, DW NP Property, LLC (an affiliate of DivcoWest), Beals and Thomas, Inc., respectfully submits this Design Review Application for the Parcel I Open Space (the Site), which is part of the larger Cambridge Crossing (formerly known as NorthPoint) development. The proposed development on the Site is proposed to contain passive and active recreational open space. Parcel I is located entirely within Cambridge.

As shown on the master plan included as part of this Application, the Site is bounded by Dawes Street to the north, Northpoint Boulevard to the south, and Parcel I Residential and Parcel I Retail to the east.

The Site is currently undeveloped vacant land. Parcel I contains one (1) of six (6) open space areas in the Cambridge Crossing mixed-use development. To date, condominium buildings on Lot S and Lot T, a rental residential building on Lot N, North Point Common, Child Street Park and related infrastructure and other public amenities (including the Brian P. Murphy Memorial Staircase) have been constructed at Cambridge Crossing. In addition, Parcel JK has obtained Design Review approval in Cambridge and Somerville, and building permit applications have been procured in both cities. The Parcel JK building is currently under construction. The surrounding roadway network was approved by the Planning Board on September 2, 2016, as part of Major Amendment #6, and is currently under construction.

The Parcel I Open Space site is approximately 30,821 sf or ± 0.71 acres in size. The Site is proposed to be comprised of landscaping, an event lawn, an event plaza, a sand play area, and a view terrace. A total of 73 short-term bicycle parking spaces will be provided on-site, which includes those located as part of Parcel I Residential, Parcel I Retail, and Parcel I Open Space. The design of the Site provides a connection to the adjacent Multi-Use Path.

In addition, the Applicant intends to subdivide the Parcel in the manner depicted on the enclosed Draft Subdivision Plan prepared by Beals & Thomas, Inc., dated December 21, 2016, and last

Mr. H. Theodore Cohen, Chair
Cambridge Planning Board
March 1, 2018
Page 2

updated February 23, 2018, to create three (3) separate parcels within what is now Parcel I: Parcel I-1, I-2, and I-3. The final subdivision plan will be submitted at a later date for approval and endorsement by the Planning Board.

As part of this application, we have included fifteen (15) copies, as well as a flash drive containing an electronic version, of the following materials for review by the Cambridge Planning Board:

- Site Plans;
- Renderings;
- Sections;
- Compliance Checklist – NorthPoint Design Guidelines;
- Subdivision Plan, previously approved by the Cambridge Planning Board; and
- Draft Subdivision Plan.

There are no changes proposed to the approved uses on the Site nor are there any changes to the layout of roads serving the Site from that shown on the approved 40-scale Roadway Network Schematic Plan.

The Cambridge Crossing team is excited to meet with the Planning Board to review and discuss the evolution of design of the proposed project. Thank you for your consideration of the enclosed.

Very truly yours,

BEALS AND THOMAS, INC.

Page	Section	Guideline Description	Compliance	Check
39	3.1 Open spaces	Parks: Strolling, Sitting, Picnicking, Informal sport activities, Outdoor movies, Outdoor performances.	Parcel I Open Space is fully open to the public, with no fences or gates separating it from surrounding areas. The park is designed to support retail uses in the Residentail I buildings and the Retail I pavilions, and public plaza. The sun-filled central sloped lawn can be used for open-air events, movies, or for relaxation and passive recreation.	✓
39	3.1 Open spaces	The provision of open spaces of diverse size and use is encouraged to enhance the public environment at NorthPoint. All open spaces at NorthPoint shall be designed to be public in nature, creating an open environment that the public can easily identify that is welcoming for everyone's use.	The Open Space is designed to complement the uses of the other public open spaces at Cambridge Crossing and has a number of features unique to the neighborhood. The sloped lawn can accomodate open air events at a larger scale than elsewhere, the play fountains in the plaza will be an attraction particularly for children, as will the sand area and rocky scramble on the south side of the park. The raised terrace provides a vantage point with good views down the central open space to the Common.	✓
39	3.1 Open spaces	The provision of an interconnected series of open spaces is encouraged to provide connections both to neighborhoods and within NorthPoint so as to promote pedestrian movement.	The connection with the retail plazas and the multiple pedestrian access points from the surrounding sidewalks and Community Path will promote the continuity and accessibility of pedestrian movement.	✓
39	3.1 Open spaces	In addition to the large park, the creation of a series of smaller open spaces such as pocket parks, public plazas, active recreation areas, courtyards, play areas and gardens is encouraged. A second large park on Parcel I is located along the central main street, conveniently close to the neighborhood access from Water Street.	The Parcel I Open Space is located conveniently close to the East Cambridge neighborhood access from Water Street, and is a welcoming public element at the intersection of Dawes Street and NorthPoint Boulevard.	✓
39	3.1 Open spaces	Open spaces shall be visible and accessible from public streets.	The Open Space has long street edges on NorthPoint Boulevard, and Dawes Street, and a strong visual connection to Water Street. Multiple points of entry are provided adjacent sidewalks and public space on all sides of the park. The landform that rises on the intersection of Dawes St and NorthPoint Boulevard will allow for the park to be easily identified and visible from the surrounding streets.	✓
39	3.1.1 Open space programming	Parks: Strolling, Sitting, Picnicking, Informal sport activities, Outdoor movies, Outdoor performances.	The Open Space will accommodate and encourage activities such as strolling, sitting, picnicking, informal games, and outdoor events, movies and performances.	✓
41	3.1.2 Parks	Fencing is strongly discouraged; clear entry points, lines of sight into the park, and pathways for the public to use are encouraged.	Parcel I Open Space does not include any fencing. Multiple points of entry are provided from Dawes Street, NorthPoint Boulevard and the Community Path.	✓
41	3.1.2 Parks	Individual spaces within the large parks are encouraged to have clear identities and themes, so that the public can inderstand the potential use, including areas for gathering, and community events.	The event lawn, the terrace at the top of the landform, the water play fountains, the sand area, and rocky scramble will create distinct identities within the park and will encourage a wide range of public uses.	✓
