

CENTRAL SQUARE ADVISORY COMMITTEE

REGULAR MEETING

~ AGENDA ~

Wednesday, October 17, 2018

6:00 – 7:30 PM

344 Broadway, 4th Floor Meeting Room

Overview

Placemaking in Central Square - Public Health is the fifth and final part of a series of community conversations, hosted by the Central Square Advisory Committee. These discussions with City staff will focus on the City's approach to public spaces by looking at what has worked well, what could work better, and identifying opportunities to try new things in the future. The Committee hopes to create a set of values for public spaces in Central Square that can help inform the reimagining and redesign of Carl Barron Plaza as part of the FY19 River Street Reconstruction Project.

The Committee is appointed by the City Manager to undertake all large project reviews of variances and special permits for activities within the Central Square Overlay District, and to monitor the progress of the [Central Square Non-Zoning Recommendations of the 2013 K2C2 Study](#).
