

## Mass Ave Partial Construction Working Group Meeting #4

The Mass Ave Partial Construction Project was initiated in response to the City's Cycling Safety Ordinance. The project will design and implement improvements to Massachusetts Ave between Waterhouse Street and Alewife Brook Parkway, including separated bicycle facilities, pedestrian and transit improvements, and accommodation for curbside access. Improvements will be accomplished using a combination of quick-build techniques and limited construction such as removal and/or reconfiguration of the roadway median.

Visit [cambridgema.gov/massavepartialconstruction](https://cambridgema.gov/massavepartialconstruction) for more complete information about the Project, and for Project updates.

At the fourth Working Group meeting, the main focus will be on analyses performed, and concepts developed, **for Mass Ave in the Porter Square area, from Rindge Ave to Linnaean Street.**

We will also provide an update on the Linnaean Street to Waterhouse Street concept design, including revisions made as a result of stakeholder and public input received.

All Working Group meetings are open to the public, although time for general public comment will be limited. The Project will also be holding an **Open House for the Rindge to Linnaean segment** this spring, at a date and location to be announced. We encourage interested members of the public to join the Project contact list at [cambridgema.gov/massavepartialconstruction](https://cambridgema.gov/massavepartialconstruction) in order to learn about these events.

### Mass Ave Partial Construction Working Group Meeting #4

Thursday, April 25, 2024

3:00 PM – 5:00 PM

To register for this meeting with remote participation on Zoom webinar:
