

You are invited to the following:

“Addiction in Cambridge: Voices from the Field”

Photovoice Exhibit

RSVP today at:

<http://openphotovoice.eventbrite.com/>

Join us for the first showing of our Photovoice exhibit, a collaboration between Cambridge Prevention Coalition and Mount Auburn Hospital, featuring the work of front-line workers from OPEN (Overdose Prevention and Education Network), CASPAR, and AIDS Action Committee's Needle Exchange Program.

Through photographs and narrative, these workers/activists answered the question, "What do I want Cambridge residents to know about substance abuse in Cambridge?" The result is a moving, artful, and thought-provoking display that tells a story of both heartbreak and hope.

Come join us from 4-6pm for this insightful exhibit and refreshments! We look forward to seeing you there! For more information, contact: Shannon Kelly at skelly@cambridgema.gov or 617-349-6346.
