NOTICE OF VOTE

Date: March 17, 2022

Petitioner's Name: Paul Costa

Company's Name: Crown Castle Fiber LLC

RE: Petition Number: [162020]

Dear Petitioner:

The Pole and Conduit Commission ("Commission") hereby informs you that on February 17, 2022, the Commission granted the above-referenced petition with the following conditions: .

Although your petition has been granted, your Grant of Location has not issued. You cannot commence work and must complete the following steps prior to being able to obtain the Grant of Location.

- (1) Pay \$270.00 per installation fee within five (5) business days of receipt of this letter.
- (2) Obtain a Utility Permit (or exception) from the Electrical Department.
- (3) Have a site meeting with the Department of Public Works (or obtain an exception) and get an Excavation Permit or any other Permit required by the Department of Public Works.
- (4) File an Affidavit of Acceptance without Reservations within thirty (30) days of March 17, 2022, or within ten (10) days of the approval of the Department of Public Work's site visit, whichever is later. If the route was updated, attach a new plan showing the updated route.

Also, please note that once the Grant of Location issues, you must abide by the below as well as all other conditions as set forth in the Commission's Small Cell Policy.

- (1) Commence the work within sixty (60) days.
- (2) Complete the work within six (6) months. If you cannot complete the work within six (6) months, you must obtain an extension from the Pole and Conduit Commission. Failure to obtain an extension or complete the work within the time provided, will deem the grant and permission void and revoked. Expiration/void of a grant requires a new application subject to all filing, notice, hearing and fee requirements.
- (3) Once you complete the work, notify the Commission that the work was completed via message on your record through the ViewPoint Cloud system, or via email at PandC@cambridgema.gov.

Failure to abide by the conditions of the grant, the steps above, timelines, and/or any of the Commission's policies including but not limited to the Small Cell Policy may result in the permission or grant being revoked, becoming void and deemed revoked, and any installation related thereto must be removed, and any City property, including the public way, must be restored to the condition existing prior to such Installation, in accordance with all City standards and at Applicant's expense. Any questions, please do not hesitate to comment on your record through the ViewPoint Cloud system, call 617-349-6141, or email PandC@cambridgema.gov.
