

River Street Reconstruction Working Group Meeting #10

The River Street Reconstruction Project will upgrade the subsurface infrastructure while developing a new surface design for River Street, the bus terminal area at River and Magazine Streets near Central Square, and Carl Barron Plaza.

After a few months pause due to COVID 19, the City reconvened with the Working Group July 22 in a virtual format. Visit <http://www.cambridgema.gov/riverstreet> for updates. All Working Group meetings are open to the public.

At this meeting, the Project Team will provide an overview of the River Street design concepts east of Auburn Street, associated transportation analysis, bus operations, and Carl Barron Plaza urban design. The meeting will begin promptly at 5:30 PM and end no later than 7:30 PM.

River Street Reconstruction Working Group Meeting #10 Tuesday, August 18, 2020
