Subject: In Support of Tobin School Expansion

Mayor Siddiqui, Cambridge City Council Members, City Manager:

I write to you today to express my support for the plans to expand Tobin School building to include additional preschool seats for Cambridge families.

Access to quality and affordable preschool is so important, for all of our city. It's not every day that our city has a strategic opportunity to build greater equity in our education system and to meet the needs of Cambridge families by expanding much needed access to quality preschool. I know you're all well aware of the shortage of daycares/preschools in our area, as well as the lack of affordability and quality. This won't fully solve this challenge, but it would be a big step in the right direction.

I strongly encourage you to support this important effort.

Thank you,
Hed Ehrlich
