## **DOCUMENTS SUBMITTED**

### Documents Submitted by Permittee

1. Request for Minor Amendment to PUD Development Plan from Michael Owu dated 4/16/2024.

### Other Documents

2. Memo to the Planning Board from Community Development Department (CDD) Staff, dated 4/24/2024.

## **SUMMARY OF REQUEST**

The Applicant seeks to modify the commencement of development construction as set forth in the PUD Special Permit PB-368 Decision. The special permit requires construction to commence within two years of the special permit being granted (September 28, 2023). In May 2023, the special permit was amended to extend the commencement of construction by an additional year, to September 28, 2024. The Applicant now requests a second one-year extension to allow for commencement of construction by September 28, 2025.

## FINDINGS

### 1. Minor Amendment to Planned Unit Development Special Permit (Section 12.37)

The following standards are set forth in the Zoning Ordinance regarding Minor Amendments to Planned Unit Development Special Permits.

*12.37.1 Amendments to the Final Development Plan shall be considered major or minor. Minor amendments, as specified in Section 12.37.2 shall be authorized by written approval of the Planning Board. Major amendments, as specified in Section 12.37.3, shall be considered as an original application for a Special Permit to construct a PUD and shall be subject to procedures specified in Section 12.34 through 12.36. The Planning Board shall decide whether proposed changes are major or minor.*

*12.37.2 Minor amendments are changes which do not alter the concept of the PUD in terms of density, floor area ratio, land usage, height, provision of open space, or the physical relationship of elements of the development. Minor amendments shall include, but not be limited to, small changes in the location of buildings, open space, or parking; or realignment of minor streets.*

The Planning Board finds that the proposed change in commencement of construction constitutes a minor amendment, as set forth in Conditions #5 a., 5.d. and #18 of the PUD Special Permit Decision. The proposed change is consistent with the standards for a Minor Amendment and does not result in any changes to the concept of the PUD in terms of dimensional requirements or overall development and mix of uses. The proposed change also does not violate any applicable Sections of the Cambridge Zoning Ordinance and does not require any additional zoning relief. The Applicant has demonstrated that significant advancement towards construction has occurred since the previously granted extension, and that commencement of construction will likely occur over the next year given the Applicant's progress on land acquisition from the federal government and design refinement on planned infrastructure in the area with the City and Eversource.

**DETERMINATION**

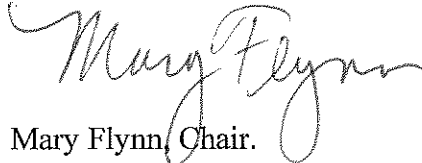

Based on a review of the documents submitted and the above Findings, the Planning Board hereby approves the requested changes as a Minor Amendment to the Planned Unit Development (PUD) Final Development Plan authorized by Planning Board Special Permit Decision PB-368. Except as explicitly set forth above, the Conditions of Special Permit Decision PB-368 shall continue to be in effect.
