Broadway Safety Improvement Project

What To Expect

- **Installation of separated bike lanes:** This refers to bike lanes along the curb, separated from vehicles by white flex-posts or other physical barriers.
- **Changes for people walking and taking the bus:** Bus stop locations may change, and pedestrian safety enhancements will improve crosswalks.
- **Reduced parking:** This project will reduce on-street parking. We haven't finished design, but we hope to maintain about 40% of the current spaces.
