

Broadway Safety Improvement Project

The City of Cambridge plans to add separated bike lanes and make related safety improvements on Broadway from Quincy St to Portland St.

Proposed Street Layout

With one-side street parking and one way bike lanes on each side.

Street Layout Changes

Separated Bike Lanes

We will move bike lanes against the curb and separate them from moving vehicles with white flex-posts.

Reduce Parking

This project will reduce on-street parking. We haven't finished design, but we hope to maintain about 40% of the current spaces.
