BOARD OF ZONING APPEAL

831 Massachusetts Avenue, Cambridge MA 02139

617-349-6100

2024 MAY 30 PM 1:21

OFFICE OF THE CITY CLERK
CAMBRIDGE, MASSACHUSETTS

BZA Application Form

BZA Number: 272790

General Information

The undersigned hereby petitions the Board of Zoning Appeal for the following:

Special Permit: X

Variance:

Appeal:

PETITIONER: Rafael Jaramillo and Margo Levine C/O Alison Hammer, Architect

PETITIONER'S ADDRESS: 110 Cedar Street, Newton, MA 02459

LOCATION OF PROPERTY: 63-65 RESERVOIR ST , Unit 63 , Cambridge, MA

TYPE OF OCCUPANCY: CONDOMINIUM

ZONING DISTRICT: Residence B Zone

REASON FOR PETITION:

/Additions/

DESCRIPTION OF PETITIONER'S PROPOSAL:

Two small second floor additions which further increase the nonconforming GFA in a preexisting nonconforming two-family condominium structure.

SECTIONS OF ZONING ORDINANCE CITED:

- Article: 5.000 Section: 5.31 (Table of Dimensional Requirements).
- Article: 8.000 Section: 8.22.2.d (Enlargement of Preexisting Nonconformity).
- Article: 10.000 Section: 10.40 (Special Permits)

BZA Application Form

SUPPORTING STATEMENT FOR A SPECIAL PERMIT

Please describe in complete detail how you meet each of the following criteria referring to the property and proposed changes or uses which are requested in your application. Attach sheets with additional information for special permits which have additional criteria, e.g.; fast food permits, comprehensive permits, etc., which must be met.

Granting the Special Permit requested for 63-65 RESERVOIR ST., Unit 63., Cambridge, MA (location) would not be a detriment to the public interest because:

A) Requirements of the Ordinance can or will be met for the following reasons:

Article 8.22.2.d of the Zoning Ordinance allows a special permit to be granted for increasing a preexisting dimensional nonconformity in a preexisting dimensionally nonconforming detached two-family dwelling, as long as there is no change in use, no new nonconformity created, and that the Board of Zoning Appeals finds that the increase is not substantially more detrimental to the neighborhood than the existing nonconforming structure. The proposed additions at 63 Reservoir Street which increase the existing GFA nonconformity on the lot, will only add minimal massing to existing nonconforming two-family home, and will not be substantially more detrimental to the neighborhood than the existing nonconforming structure.

B) Traffic generated or patterns of access or egress would not cause congestion hazard, or substantial change in established neighborhood character for the following reasons:

The proposed additions at 63 Reservoir Street will be small additions to the second floor and architecturally contextual. The additions will not generate any new traffic, change patterns of access or egress, cause congestion hazard, or create a substantial change in the established neighborhood character. The proposed additions will allow the growing family of the owner-occupants to have sufficient space for their family and to remain in their neighborhood, in line with the established character of the neighborhood..

C) The continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would not be adversely affected by the nature of the proposed use for the following reasons:

The proposed additions at 63 Reservoir Street will not adversely affect the continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance because they continue the existing two-family use on the lot and the two small additions are within the existing footprint of the house.

D) Nuisance or hazard would not be created to the detriment of the health, safety, and/or welfare of the occupant of the proposed use or the citizens of the City for the following reasons:

The proposed additions at 63 Reservoir Street will not create nuisance or hazard to the detriment of the health, safety, and/or welfare of the occupant of the proposed use or the citizens of the City because the proposed additions will serve to slightly expand the living area of the existing unit, allowing the growing family of the owner-occupants to stay in their home. The existing two-family use on the lot will continue and the two small additions are within the existing footprint of the house.

E) For other reasons, the proposed use would not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance for the following reasons:

The proposed use will not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance because the existing two-family residential use of the structure will continue, and this use is contextual with the surrounding lots, structures, zoning district(s), and uses.

***If you have any questions as to whether you can establish all of the applicable legal requirements, you should consult with an attorney.**

PROJECT DESCRIPTION

63-65 RESERVIOR STREET IS AN EXISTING 2.5 STORY BRICK 2-FAMILY CONDOMINIUM STRUCTURE LOCATED IN THE RES-B DISTRICT ON A CORNER LOT.

THE STRUCTURE IS PREEXISTING NONCONFORMING. THE SITE IS NOT IN ANY FLOOD ZONES.

THE PROJECT OF THE 63 RESERVOIR STREET RESIDENCE IS TO RENOVATE THE INTERIOR OF AND MAKE TWO SMALL ADDITIONS TO THE 63 RESERVOIR STREET UNIT, WHICH OCCUPIES THE SECOND AND THIRD STORIES OF THE EXISTING STRUCTURE.

THE TWO PROPOSED ADDITIONS NEED SPECIAL PERMIT BZA RELIEF FOR EXTENDING A GFA/FAR NONCONFORMITY.

To the Cambridge Board of Zoning Appeals (BZA);

Care of Alison Hammer, Hammer Design & Development LLC

I am writing to express support for our neighbors Rafael and Margo, who will apply to the BZA for permission to renovate and expand their condominium at 63 Reservoir St. in Cambridge. As the most immediate neighbor, I could be most impacted, but I see no reason the work proposed could possibly negatively impact the city or neighborhood. This sort of modest improvement and densification should be allowed as a matter of course in the Cambridge. We whole heartedly support the proposal.

As an architect and neighbor, I would be happy to speak publicly to support the work if required.

Sincerely,

A handwritten signature in black ink, appearing to read "Luke Voiland". The signature is written in a cursive, flowing style with a large loop at the end.

Luke Voiland, AIA

To the Cambridge Board of Zoning Appeals (BZA);

Care of Alison Hammer, Hammer Design & Development LLC

I am writing to express support for our neighbors Rafael and Margo, who will apply to the BZA for permission to renovate and expand their condominium at 63 Reservoir St. in Cambridge. Their plans are modest and reasonable. We live directly across Reservoir Street from them and don't anticipate any issues from their renovation or expansion. Thanks for showing flexibility in helping to keep growing families in Cambridge.

Sincerely,

Molly Cohen

292 Huron Ave.

May 19, 2024

To the Cambridge Board of Zoning Appeals (BZA);

Care of Alison Hammer, Hammer Design & Development LLC

I am writing to express enthusiastic support for our neighbors Rafael and Margo, who will apply to the BZA for permission to renovate and expand their condominium at 63 Reservoir St. in Cambridge. Their plans are modest and reasonable.

We reside at 60-62 Reservoir St. directly across the street from Margo and Rafael and believe that their renovation has minimal impact on our neighborhood. There are many of us with young children who live on the corner of Reservoir and Huron and our families have really raised our kids together. We believe that allowing our families to renovate to meet the needs of growing families is crucial to keeping a diverse and family-friendly Cambridge.

Please do not hesitate to reach out if there are any questions or concerns that we can answer.

Sincerely,

Jennifer Park
