Subject: CSO Alert - CAM401A, City of Cambridge
Date: Wednesday, December 11, 2024 3:31:59 PM

Text here

A Combined Sewer Overflow (CSO) occurred in the Little River/Alewife Brook and consisted of untreated sewage and waste.

Location: CAM401A: discharges upstream of the confluence of the Little River and Alewife Brook and upstream of the Route 2 Bridge.

Date: December 11, 2024

Start time: 2:37 pm

End time: on-going

Duration: TBD

Estimated volume*: 0.89 MG

**3-year average calculated using data from 2021, 2022 and 2023*

Potentially affected areas: Arlington, Cambridge, Somerville, and Medford

Required public health warning: Avoid contact with these water bodies for 48 hours after the discharge or overflow ceases due to increased health risks from bacteria and other pollutants. See website for more information: www.cambridgema.gov/CSOreport
