To whom it May Concern:

My name is Patricia Escobedo and

I am the president of the Fresh Pond Apartments Tenant Association. Fresh Pond Apartments is a Expiring Use Building

Consisting of 502 units and had been considered one of the Largest Expiring Use developments in the country. Back in

2000, the tenants, with the help of CEED, the City of Cambridge and HUD, were able to Secure the affordability of this development for another twenty years or until 2020. Unfortunately we

Could not get our development Secured indefinitely and we are fast approaching a date we all are dreading - the end of our housing as we know it. Gladly, the owners are asking for

more than a 10% rent increase of our BMTN + moderate tenants, much more than they can afford. These families become end up homeless - as political agendas change, affordability of housing opportunities decrease and shelters are way too overcrowded. The loss of affordability not only affects our residents but our

Cambridge the great city that she is - a melting pot of wonderful diversified people whose cultures enrich the lives of all the other residents living in the city. For the reason and for the sake of helping our fellow brothers and sisters, I implore you to continue to contribute a sizable amount of revenue to protect Fresh Pond and other developments like her.

We, the following residents of 808-812 Memorial Drive, live in a mixed income expiring use building in Cambridge. We were able to preserve our homes as affordable housing with the support of City funding. It is highly likely that none of us would still be living here if not for this funding. We need to preserve the affordable housing that currently exists in Cambridge and build more to keep Cambridge accessible to those of all income levels. We therefore ask the Community Preservation Act Committee to maintain the 80% allocation of funding for affordable housing

 Cambridge, MA 02139

We live at Inman Sq Apartments located at 1221 Cambridge St. We live in an expiring use building and we were in great danger of losing our homes. Through the use of affordable housing funding from the Community Preservation Act, we were able to have our homes preserved. We believe that there is a great need for affordable housing in Cambridge and urge you to allocate 80% of CPA funds for affordable housing. Through this allocation, the City can help ensure that other residents across the City will not lose their homes to expiring use.
