RE: File No. 11629 – Boiler Service & Repairs for School Department- Addendum No. 1

This addendum is comprised of the following:

1. Questions and Answers

The following Questions were asked and answered:

Question: A few things I noticed in looking over the paperwork; we are not yet DCAMM certified, we are filling out the paperwork but they tell me it takes 3+ months for the paperwork to be processed. Also the paperwork is asking for an oil burners license, which we don't have. The vast majority of the work we do is natural gas.

Will not having these items rule us out? I just want to be fully transparent.

Answer: General contractors must submit with their bids a copy of the Contractor's certificate of eligibility (DCAMM Form) and an update statement (DCAMM Form), both in the work category of: HVAC and Mechanical Systems. Oil burner license is required. Not having these items will call for a rejection of your bid.

All other details remain the same.
